

YOUR PERFECT SHERIDAN BED

DELUXE DREAM®

The key to a blissful night's sleep is a bed that is made correctly. Sheridan's quality bedding essentials are the foundations of a well dressed bed.

Our Deluxe Dream® range includes a quilt, bed topper and pillows. This collection is designed for those who want the look and feel of feather and down, but for allergy reasons are unable to enjoy natural fibre-filled products.

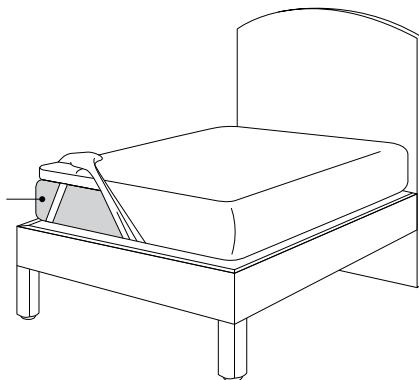

SHERIDAN

STEP 1: MATTRESS PROTECTOR

The Ultracool® mattress protector is the perfect complement to our Deluxe Dream® products and serves an important dual purpose: protecting the mattress from dust and providing an extra layer of insulation. It is machine washable and has a generous depth, allowing a secure fit even on the deepest of mattresses. We recommend that you rotate your mattress every two to three months.

STEP 2: BED TOPPER

The Deluxe Dream® bed topper creates an ultra-luxurious sleeping experience. Filled with Ultrafresh® polyester, it has the maximum loft and fullness you would expect from a high quality bed topper. Use up to a 50cm depth Sheridan fitted sheet over the bed topper and mattress.

STEP 3: QUILT

Top your bed with our sumptuous Deluxe Dream® quilt. This quilt is perfect for year-round comfort. The boxed construction creates individual pockets that stop the filling from moving around during the night, providing effective warmth and comfort. We recommend that you fluff the quilt each morning to ensure its pristine condition for years to come. To add to your master bedroom look, cover your quilt in one of this season's Sheridan quilt covers.

STEP 4: PILLOWS

An array of our Deluxe Dream® pillows completes the look of a well-dressed bed. These Ultrafresh® polyester pillows are available in three sizes – standard, king and European – and are fashioned with the same 'S' pattern as the Deluxe Dream® quilt. Cover these pillows with Ultracool® pillow protectors to extend their life span. They have a luxuriously soft Supima® cotton cover which will provide you with a heavenly sleep night after night.

To emulate the style of the great luxury hotel rooms around the world, dress your bed in the following way. Firstly, lay a pair of European pillows side by side against the bed head. Secondly, place one or two pairs of standard or king pillows side by side in front of your European pillows. Finally, add decorative cushions from the Sheridan range.
