

YOUR PERFECT SHERIDAN BED

ULTIMATE DREAM

The key to a blissful night's sleep is a bed that is made correctly. Sheridan's quality bedding essentials are the foundations of a well dressed bed.

Our Ultimate Dream range includes a quilt, bed topper and pillows.

This collection is luxuriously plumped with 85% white goose down and 15% white goose feather that has been carefully washed to Sheridan's high standards.

STEP 1: MATTRESS PROTECTOR

The Ultracool® mattress protector is the perfect complement to our Ultimate Dream products and serves an important dual purpose: protecting the mattress from dust and providing an extra layer of insulation. It is machine washable and has a generous depth, allowing a secure fit even on the deepest of mattresses. We recommend that you rotate your mattress every two to three months.

STEP 2: BED TOPPER

The Ultimate Dream bed topper creates an ultra-luxurious sleeping experience. Its upper chamber is filled with cloud-soft down that floats on a feather filled base layer. Use up to a 50cm depth Sheridan fitted sheet over the bed topper and mattress.

STEP 3: QUILT

Top your bed with our lavish Ultimate Dream white goose down and feather filled quilt. This quilt is perfect for year-round comfort. A 300 thread count 100% cotton sateen striped outer shell with internal baffles to prevent the fill from shifting. We recommend that you fluff the quilt each morning to ensure its pristine condition for years to come. To add to your master bedroom look, cover your quilt in one of this season's Sheridan quilt covers.

STEP 4: PILLOWS

An array of our Ultimate Dream white goose down and feather pillows completes the look of a well-dressed bed. These 85% down and 15% feather pillows are available in three sizes – standard, king and European – and are fashioned in the same cotton sateen stripe as the Ultimate Dream quilt. These pillows also have a luxurious and machine washable 300 thread count cotton cover which will provide protection while remaining easy care. Cover these pillows with Ultracool® pillow protectors to extend their life span. They have a luxuriously soft Supima® cotton cover which will provide you with a heavenly sleep night after night.

To emulate the style of the great luxury hotel rooms around the world, dress your bed in the following way. Firstly, lay a pair of European pillows side by side against the bed head. Secondly, place one or two pairs of standard or king pillows side by side in front of your European pillows. Finally, add decorative cushions from the Sheridan range.
